MBJ Airports Limited Health and Safety Policy

At MBJ Airports Limited (MBJ) we are committed to providing a safe and healthy environment that starts with our own employees. Our commitment is demonstrated through continuous improvement of our health and safety performance. Active participation and co-operation between employer and employee to design programmes that foster good health and proactive safety is key to the economic health of our operations.

The Management of MBJ is committed to:

- Participate with our employees, tenants and contractors in the process of hazard identification and risk control in order to achieve and maintain high standards of safe operation.
- Protecting MBJ Airport's main assets, its employees.
- Respecting people's basic rights to work free from injury in the workplace and comply with applicable regulations.
- Demonstrate by example the MBJ Airport commitment to safety.
- Provide leadership in safety matters.
- Encourage the participation of employees in the identification and resolution of safety problems in the workplace.
- Plan, organize and maintain all operations and equipment so as to minimize hazards.
- Train and develop employees in safe work practices.

We expect all employees of MBJ to:

- Know and abide by safe work procedures and practice safety in your personal work habits.
- Demand and expect safe work practices among fellow employees.
- Report hazardous conditions to your supervisor.
- Co-operate in the resolution of safety problems in the workplace and initiate suggestions for improvements.
- Assist in the induction and on-going training of others where their experience and knowledge is lacking.
