

Addendum # 2

REQUEST FOR PROPOSALS

**FOR THE OPERATION OF
SPECIALTY RETAIL/DUTY FREE CONCESSION
INTERNATIONAL TERMINAL BUILDING (DEPARTURES)**

This addendum shall become effective 19 March 2014.

Questions and Answers

1. Are any special passes or documents required for the tour?

The store and kiosks are located within the restricted area of the departure concourse, and therefore security passes will be required for access. Once you indicate an interest in attending site visit, the necessary arrangement to provide access will be made. Please be reminded that the tour is scheduled for Monday, March 24, 2014 at 11:00a.m. and you will be required to have a government issued ID. All attendees are required to meet at the **Information booth** located in the **Check-in/Departures area**.

2. Are we able to send the RFP documents in another format?

The RFP documents are in Portable Document Format (pdf); a compact and secured format for sending documents. Due to the number of files and the size of these documents, we have compressed them in a 'zip' folder. We are unable to publish the documents in any other format.
