

Sangster International Airport cops 9th Consecutive World Travel Award

Montego Bay, Jamaica. September 20, 2016 - MBJ Airports Limited (MBJ) is pleased to announce that Sangster International Airport has once again copped the World Travel Award for 'Caribbean's Leading Airport'. This year's award signifies the 9th consecutive bestowment of the award and 10th overall for Sangster.

World Travel Awards (WTA) was established in 1993 to seek out and reward the very best travel organisations in the world – those brands pushing the boundaries of excellence and implementing ground-breaking ideas.

WTA has developed into the most prestigious and comprehensive awards programme in travel and tourism, and is recognised worldwide as the hallmark of industry excellence. The award ceremony was held in Jamaica, the first in the 23 year history of the event, and was hosted at the opulent Sandals Ochi Beach Resort.

This award underscores the value of the dedication of our stakeholders and partners who made travelling via Sangster International in 2015 a truly world-class experience for all 3.8 million passengers.

MBJ is committed to building on this legacy with our stakeholders to ensure that the name Sangster International Airport remains etched on future WTA awards. Our journey continues.

Further queries or comments may be sent to info@mbjairport.com or contact MBJ's Commercial Department at 940 – 7043.

MBJ Airport Limited's (Operator of Sangster International Airport) CEO-Rafael Echevarne collects the WTA award for 'Caribbean's Leading Airport' on behalf of the Sangster International family. The awards gala held at the Sandals Ochi Beach Resort. Saturday, September 17, 2016.
