Montego Bay, Jamaica, 04 July 2021 // Sangster International Airport (SIA), Jamaica's leading gateway to the world operated by MBJ Airports Limited, welcomed Condor's resumption of twice weekly scheduled service from Frankfurt, Germany.

Germany's most popular holiday carrier 'Condor Airlines' resumed scheduled flights from Frankfurt Airport, Germany via Puerto Plata, Dominican Republic to Sangster International Airport, Montego Bay, Jamaica on Sunday, July 4, 2021. The arriving flight was greeted by a celebratory water arch salute from MBJ's Emergency Response Service team and disembarking passengers were greeted by a cadre of tourism officials and the lively sounds of Jamaican Mento music performed live by a local Mento Band.

Mr. Ralf Teckentrup, CEO of Condor stated that "The desire to travel is huge and responsible travelling is also possible these days thanks to comprehensive protection and hygiene measures along the entire journey. Condor will be flying twice weekly to Jamaica from July onwards, heralding the start of a summer in which people no longer have to dream of travelling with a clear conscience, but can relax on the dream beaches on site."
