

Employment Opportunity

We are in search of qualified persons who are interested in a commitment to progress as we move forward in the fulfillment of our goal as the Leading Caribbean Airport.

MBJ Airports Limited invites applications for the position of:

Facilities Maintenance Coordinator

Reporting to the Maintenance and Engineering Manager, the position is responsible for supervising and coordinating activities for staff engaged in the maintenance and repair of machinery and mechanical equipment, surface and building structures; liaising with contractors/consultants and monitoring and advising on implementation of projects, while being rostered to work primarily on night shifts.

Qualifications and Experience:

- Diploma in Engineering or equivalent from a recognized tertiary institution
- Minimum of three years on-the-job experience in the Maintenance Department with exposure to all aspects of the preventive maintenance programmes
- Training in asphalt pavement failure, analysis and repair
- Valid General driver's licence

Specific Knowledge Required:

- Knowledge of building trades, practices and skills
- knowledge of electrical distribution systems and electrical distribution equipment
- Knowledge of Airport Preventative Maintenance Systems (APMS) and maintenance operations

Required Skills and Specialized Techniques:

- Ability to diagnose and solve problems in the higher technical areas
- Ability to read and interpret blueprints, engineering documents and manuals, equipment specifications, diagnostic and calibration charts and electrical schematics and wiring diagrams.
- Ability to understand, interpret and explain department policies and procedures
- Ability to prioritize and make decisions on repair methods
- Ability to perform installations, troubleshooting and repairs on electrical distribution systems and electrical/electronic/electro-mechanical equipment.
- Good oral and written communication as well as interpersonal skills
- Ability to offer technical advice to maintenance personnel on materials, process and designs as necessary

Interested candidates should apply in writing to:
