FOR IMMEDIATE RELEASE:
Hurricane Melissa - Advisory #8

Sangster International Airport Preparing to Resume Operations for Limited Commercial Flights on Saturday, November 1, 2025

MONTEGO BAY, JAMAICA: OCTOBER 31, 2025 – 3:00 PM: MBJ Airports Limited (MBJ), operators of Sangster International Airport, advises that **while normal operations remain suspended, preparations are underway to resume limited flight operations on Saturday, November 1 at 7:00AM, to facilitate Commercial Operations.**

We are committed to ensuring that all systems are fully operational and meet the highest safety standards before resuming Commercial operations. Our objective is to restore operations swiftly but safely, minimizing disruption to the travelling public.

As airlines confirm their flights, the schedule will be shared so passengers may plan accordingly.

When the airport reopens on Saturday, passengers are urged to confirm their flight status with their airlines before travelling to the airport to prevent unnecessary congestion which will impact the level of service. Hoteliers are being asked not to take passengers without confirmed flights to the airport.

The safety and well-being of our passengers and staff remain our utmost priority. We thank our passengers and other stakeholders for their patience and understanding as we work to restore full operations at the Sangster International Airport.
