MBJ Airports Limited's (MBJ) objective is to preserve the confidentiality, integrity and availability of information that it either owns or is entrusted with.

To achieve these objectives, the company has implemented an Information Security Management System (ISMS) in accordance with the international standard ISO/IEC 27001.

The purpose of this policy is to protect MBJ assets from all relevant threats, whether internal or external, deliberate or accidental.

It is the policy of MBJ Airports Limited that:

- Information is made available with minimal disruption to staff and customers as required by the business process;
- The integrity of this information is maintained;
- Confidentiality of information is preserved;
- Regulatory, legislative and other applicable requirements related to information security are met;
- Appropriate information security objectives are defined and, where practicable, measured
- Appropriate Business Continuity arrangements are in place to counteract interruptions to business activities and these take account of information security;
- Appropriate Information security education, awareness and training is available to staff and relevant others working on behalf of the company;
- Breaches of information security, actual or suspected, are reported and investigated through appropriate processes
- Appropriate access control is maintained and information is protected against unauthorized access.
- Continual improvement of the information security management system is made as and when appropriate.

This policy is approved by senior management and is reviewed at regular intervals or upon significant change.

This policy is communicated within MBJ Airports Limited and is available to interested parties upon request.
